SKILLS

Frontend

- HTML5, CSS3, JavaScript (ES6+)
- React.js, JSX, Component-Based Architecture
- Tailwind CSS, Bootstrap, Responsive Design

Backend

- Node.js, Express.js
- RESTful API Development
- JWT / Token-Based Authentication
- CRUD Operations & MVC Architecture

Database

- MongoDB, Mongoose
- Data Modeling, Query Optimization

Tools & Others:

- Git & GitHub Version Control
- Postman API Testing
- Deployment: Netlify, Vercel
- Debugging & Performance Optimization
- Team Collaboration & Communication

LANGUAGE

English

Urdu

About Me

Full Stack (MERN) Developer skilled in building scalable, responsive web applications using React.js, Node.js, Express.js, and MongoDB. Strong in RESTful APIs, authentication, CRUD operations, state management, and keyword-driven optimization for better search relevance and performance.

Work Experience

Dec - 2024 to Present - 2026

123 Anywhere St., Any City | 2026 – Present

- Designed and implemented RESTful APIs, authentication, and CRUD operations
- Built interactive dashboards with real-time data handling, dynamic filtering, and sorting functionality
- Deployed applications on Netlify/Vercel ensuring cross-device responsiveness and performance optimization
- Applied keyword-driven development and data organization strategies to improve search relevance and user experience
- Managed backend routes and state management to ensure smooth, maintainable application flow

Education

Matriculation (Computer Science)

Liberal Model School | Jan 2018 – Dec 2020

- Focused on Computer Science fundamentals and problem-solving skills

Intermediate (Commerce)

Govt. Boys College Asifabad | Jan 2021 – Dec 2023

- Developed analytical and organizational skills
- Applied basic finance & commerce knowledge to small projects

Web Development (In Progress)

Saylani Mass IT Training (SMIT) | Dec 2024 – Present

- Learning JavaScript, HTML, CSS, React.js, and MERN stack development
- Hands-on practice with projects, CRUD operations, RESTful APIs, and frontend-backend integration
- Focus on problem-solving and practical coding skills
